

CENTRE FOR CONTINUING AND ONLINE LEARNING

Early Childhood Education 0430X01FWO Program Requirements

In addition to being offered full-time online, this program is also available online on a part-time basis.

First Aid and CPR Certification

Valid First Aid and CPR Certification (St. John Ambulance, Red Cross or equivalent) must be completed prior to starting your courses. This certificate must be valid for the duration of the program. Students must have Standard First Aid certification.

Health Requirements

Applicants must provide evidence of full and complete immunizations. The Algonquin College Health Services will review the student's record of immunization and provide authorization for entry into field placement. More information in this regard will be mailed to successful applicants. Some field placement agencies may require the Hepatitis B vaccine and the Influenza vaccine.

Police Records Check Documentation

Successful completion of field placement is a requirement for graduation from the Early Childhood Education program. Agencies that provide placement opportunities will require you to have a clear Police Records Check for Service with the Vulnerable Sector (PRCSVS). Your acceptance for placement is at the discretion of the agency. If you register in the program without a clear PRCSVS and as a result are unable to participate in placement, you will not be able to graduate.

For more information, refer to the Centre for Continuing and Online Learning website at www.algonquincollege.com/CCOL.
